Page 1

This 10-foot-by-40-foot concrete block structure is on the north side of the north road in the ordnance area. It has a concrete slab foundation and a shed roof with corrugated roofing. The building has six compartments for ammunition storage. Each has a metal door with a small louvered vent in the wall above. It was constructed by H & D from plan WB 9-10 and appears to be in sound structural condition.
